

DO YOU HAVE OSTEORADIONECCROSIS OF THE LOWER JAW?

- Are you a **HEAD & NECK CANCER SURVIVOR** who had **RADIOTHERAPY** as part of your anti-cancer treatment?
- Are you interested in joining a **CLINICAL RESEARCH STUDY** for the treatment of jaw osteoradionecrosis?

If 'yes' is the answer, please ask your head and neck clinical team about the **RAPTOR** trial. Alternatively, you can contact the trial team via: raptor@liverpool.ac.uk

RAPTOR stands for **R**andomised controlled trial of **P**en**T**oclo (Pentoxifylline, Tocopherol & Clodronate) in Mandibular **O**steo**R**adionecrosis
